

MEDICARE EXPERTISE

At first glance, Medicare can seem confusing. Having a solid foundation of knowledge on the most basic parts of the Federal Healthcare program can assist in making an educated decision when it comes to managing your benefits.

Our licensed agents can offer comprehensive education on the various Medicare options available, shop plans, and guide eligible employees through the enrollment process.

How Exude Can Help

- **Education:** Understanding how Medicare works and the options available can be overwhelming. Our licensed agents will educate your employees on multiple plan availability and new plans for the new year.
- **Shopping Plans:** We'll provide complimentary shopping to compare your employees' current plans vs. alternatives to help them select the plan that aligns with their healthcare needs and budget.
- **Enrollment Support:** If an employee is interested in changing their Medicare plan, our licensed agents will assist in enrollment to make sure they have everything they need to update their coverage.
